KIPP HOUSTON SCHOOLS

Early Childhood/Elementary School

KIPP Houston's primary schools nurture and guide the children's innate senses of curiosity to learn about their world, community, and themselves, as they learn the academic and character skills needed to climb the mountain to and through college.

Middle School

By focusing on remediation in the early grades and advanced critical thinking skills in the later grades, KIPP Houston middle schools' results have been outstanding and prove that our students are prepared for the next step: a college-preparatory high school experience.

High School

KIPP Houston High School has a unique and rigorous academic structure that has been modeled after the best high schools in the U.S. In order to receive a diploma, seniors must gain acceptance to a four-year college or university.

FOCUS ON RESULTS

The ultimate measurement of KIPP's success is graduation from college.

- 49 KIPP Houston alumni have graduated from college
- 93% of the Class of 2009, tracking from 8th grade, are enrolled in a four year univeristy
- 90% of KIPP Houston alumni, tracking from 8th grade, are enrolled in a higher education institution

As KIPP alumni climb the mountain to and through college, they know that they must serve as role models and reach back down to help others on their path to college.
